**Just as Terrace Homes builds custom homes, each well has many options. Please answer a few questions to help us size your well and pump system to best meet your needs:**

Name:

Contact information:

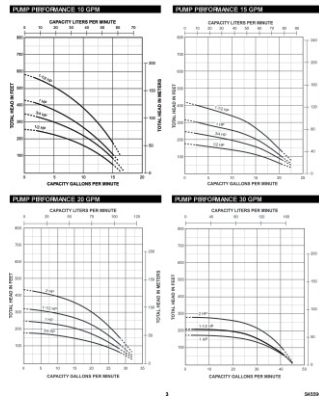

## 1. What are the most important aspects of your water system to you?

- Lowest possible cost.
- Best possible performance.
- Balance between cost and best performance.
- Best possible warranty.
- Easy to drain and winterize (recreational property).

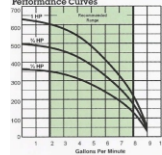

**It's easy!**  
Let us know what is important to you and we will be happy to size the perfect system for you!

### STA-RITE JP Series

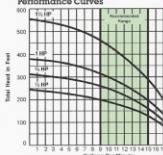

Signature 2000 composite 4" submersible pumps

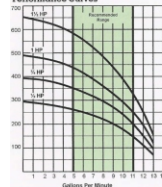

### 5 GPM Rustler Series

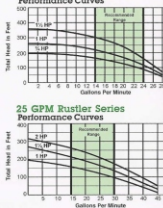

### 12 GPM Rustler Series

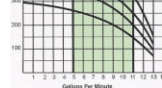

### 8 GPM Rustler Series

### 20 GPM Rustler Series

### 25 GPM Rustler Series

**MATERIALS OF CONSTRUCTION**

- The entire well is made of high-strength polypropylene
- 100% BPA Free
- 100% Chlorine Resistant
- 100% UV Resistant
- 100% Lead Free
- 100% Phthalate Free
- 100% BPA Free
- 100% Chlorine Resistant
- 100% UV Resistant
- 100% Lead Free
- 100% Phthalate Free

**COMPONENTS Table Dimensions**

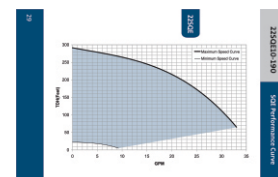

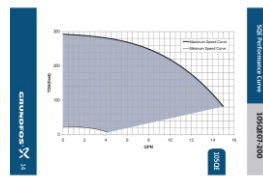

Model	Capacity (GPM)	Height (ft)	Weight (lb)	Volume (gal)	Volume (liters)
FL-100	10	1.5	15	10	38
FL-150	15	2.0	20	15	57
FL-200	20	2.5	25	20	76
FL-250	25	3.0	30	25	95
